LICENSING & REVIEW

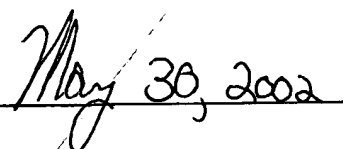

I, Kenneth S. Murphy, declare that I am inventor in the above-identified application. At the time of making this invention, I was employed by Howmet Research Corporation. By the terms of my employment, I was obliged to assign to Howmet Research Corporation my rights in any invention made by me during my employment. The full facts surrounding the making or conception of the above-entitled invention, in so far as they relate to 42 USC 2457 are as follows:

ok
I made and conceived this invention in the course of work during my regular working hours to provide an improved thermal barrier coating. The invention was conceived and made by me as employee of my employer who funded the work resulting in the invention. Any facilities, equipment, materials, allocated funds, proprietary information, or services used in the making of the invention were the property of my employer. This invention was not made or conceived in the course of or under any contract, subcontract, or arrangement entered into with or for the benefit of the National Aeronautics and Space Administration.

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both under Section 1001 of Title 18 of the United States code and that such willful false statements may jeopardize the validity of the application or any patent issued thereon.

Kenneth S. Murphy
